ONE VOICE ONE MISSION

SAFETY FOR WOMEN

one
voice

one
mission

An Initiative by
IRONfeather
FOUNDATION

- My Now
- 46% of all crimes against women reported annually are sexually violent.
- 80% of everyday harassment goes unreported, including groping, hitting, and public flashing.
- Underreporting remains a major concern due to fear, mistrust, and stigma.
- unsafe women = unsafe cities. We envision a collaborative society where citizens and police walk together to reclaim public spaces with trust, safety, and courage.

Our Collaborative Model

We have developed a scalable and proven model of collaboration with police, citizens and local communities.

Key Components include:

- Police-Led Awareness Sessions on KSP Apps & 112 welcome
- Community Conversations that humanize the police force
- Vehicle Safety Content featuring real-life examples and safety tips
- Self-Defense & Street-SmartSkills training
- Community Improvement & Social Opportunities

LET'S BE THE CHANGE WE WISH TO SEE!
